TASTING NOTES

Signature of the variety, stone fruit and honeysuckle aromas dominate the nose with a hint of juicy cantaloupe. Refreshing flavors of pineapple and kumquat transform into a natural almond marzipan and crème caramel. The beautiful viscosity and mellow acidity carry the flavors across the palate to a finish that is silky smooth.

VINTAGE NOTES

- An overall cool spring with late bud break and unseasonable rain in the later days of May
- Temperature spikes in June followed by temperate days for the remainder of summer
- Slow ripening and longer fruit hang times led to softened acidity and velvety tannins
- White wines from this vintage offer mouthwatering tropical flavors; red wines have intense hues with complex flavors
